Home Access info/steps

Home Access Center (HAC) is the CCPS parent/student portal that allows you/your child to access a variety of information.

- You can view attendance, student's e-mail/password, classes, grades, service-learning, and emergency contact information.
- You can register to receive an email anytime your child is absent and receive a weekly email with your child's classwork and grades.

If you have not yet registered, we encourage you to do so by clicking on this link: HAC Login

- Click the "**Request Password"** link and follow the directions on-screen.
- If you forgot your password, click the "**Forgot Password"** link and follow the steps.
- Home Access Center is also available as a mobile app for both Apple and Android devices - search keyword: eSchoolPLUS Family. The app will not replace Home Access Center; it is an additional way to access your child's information.

To receive HAC attendance and gradebook alerts

- Go to Home Access Center – if you have more than one student in CCPS, then you will be prompted to select a student.
- After you select the student, let the cursor hover over your name on the top right corner of the screen.
- Click on My Alerts. Check the box for **"Classwork Alerts"** - you will receive these alerts every Thursday.
- You can also check the box for **"Receive Attendance Alerts**" - those emails are sent daily if your child is marked tardy, absent, or has an early dismissal.
- Parents who subscribed to receive these alerts last year will need to subscribe again this year. You will need to follow these steps for each child.

For more information or to request help with signing into the platform, please click this link:
